

int_num_t::reduce

```
graph LR; A[int_num_t::reduce] --> B[int_num_t::num_int]; B --> B;
```

The diagram consists of two rectangular boxes. The first box on the left is gray and contains the text 'int_num_t::reduce'. A blue arrow points from the right side of this box to the left side of a second box on the right. The second box is white with a black border and contains the text 'int_num_int'. A blue curved arrow points from the top of the second box back to its top, forming a self-loop.
